

STAYING IN TOUCH ...

1/2

This year, 2020, more than before it is important that we send cards to friends and family this Christmas. So time to start preparing

Using the Nativity character outlines on the virtual 'Children's corner at Home' on the website make card designs to send Peace and Love this Advent and Christmas. Especially to people you won't be able to visit this year.

STAY IN TOUCH

2/2

- Making handmade cards is fun and makes it very special for the person you send it to.
- You can get a 3D effect by layering the different characters after you have coloured or decorated them.
- Use all sorts to make them colourful ... paint, crayons, sparkly papers, scraps, glitter etc.
- Or use the cut out stand up card effect like below.
- Add your own Christmas message to show how much you care.
- How many designs could you make? Can you use all the characters in the Christmas story?
