

JESUS' FIRST MIRACLE ... At a wedding.

- Have you ever been to a wedding? They are happy days with family and friends as two people commit to each other. Often there is a party after the ceremony. Like all good parties there is music, laughter and lots of food and drink.
- But what if there is a shortage of drinks? Mary took her son Jesus with her to a friend's wedding. Everyone was having a good time but there was very little wine to drink. Mary persuaded Jesus to use his power from God to turn water into wine for all to share.
- Jesus didn't want people at the party to know what he'd done.
